Understanding the HMO Model: What Makes It Unique?

Definition and Core Concept

A House in Multiple Occupation (HMO) is a residential property rented out to three or more tenants who are not members of the same family, but share facilities such as kitchens and bathrooms. Unlike traditional single-let properties, HMOs are designed to accommodate multiple tenants in separate rooms, often generating significantly higher rental yields.

- Potential for Value-Add Strategies: Converting or refurbishing properties to maximize space and appeal.
