- **Choosing Appropriate Channels:** Select communication channels suited to the message's complexity and urgency (email, face-to-face, video calls).
- **Feedback Loops:** Incorporate feedback to confirm understanding; for example, ask questions or paraphrase to verify clarity.
- **Mitigating Noise:** Be aware of distractions, technical issues, or emotional barriers that may distort the message.

Practical Tip: Before sending critical information, consider whether your channel is optimal and whether your message is tailored to the receiver's context.

2. Shannon-Weaver Model of Communication
