The 2014 staffing calendar was designed to balance these competing priorities by providing a detailed framework that guides daily, weekly, and monthly scheduling decisions.

Structure and Components of the Lowes 2014 Staffing Calendar

- On-call staff: Maintained a pool of employees ready to be called in during unexpected surges.

Coordination with Store Management

The staffing calendar was developed collaboratively with store managers, who provided insights into local demand patterns and employee availability. This bottom-up approach ensured the calendar was realistic and effectively executed.

Technology Utilization

Lowe's employed workforce management software to automate scheduling, track labor costs, and monitor adherence to the calendar. Such tools enhanced accuracy and efficiency, reducing scheduling conflicts and absenteeism.
